

# Weighing & Packing Citrus Line

# WEIGHING MACHINE WD 45

# WD4S – Weighing Machine

**Ideal for**

Citrus

Kiwi

Avocado

## WD4S – Weighing Machine

### Compact

The **feeder** has been inserted inside the weigher. **Save space** in the warehouse.

### Precise

The average error of the exceeding weight is equal to **0,5%**, practically non-existent.

### High speed

Up to **70 packs/min.**

**New software and hardware technologies working together for greater **efficiency** and **accuracy**.**

WD4S – Weighing Machine

# Hardware

**Photocell system** for  
safety and damage prevention

Fruit processing **from 40  
mm up to 110 mm**

**4**

Feeds up to **4  
packaging machines**

**108**

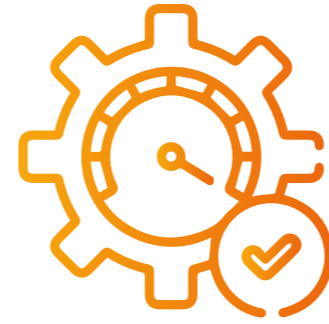

Dynamic weighing machine  
with **108 single cups**

## WD4S – Weighing Machine

# Software

“Delicate processing program”

Electronic optimization of the weight reading

An innovative self-adaptive system for caliber recognition

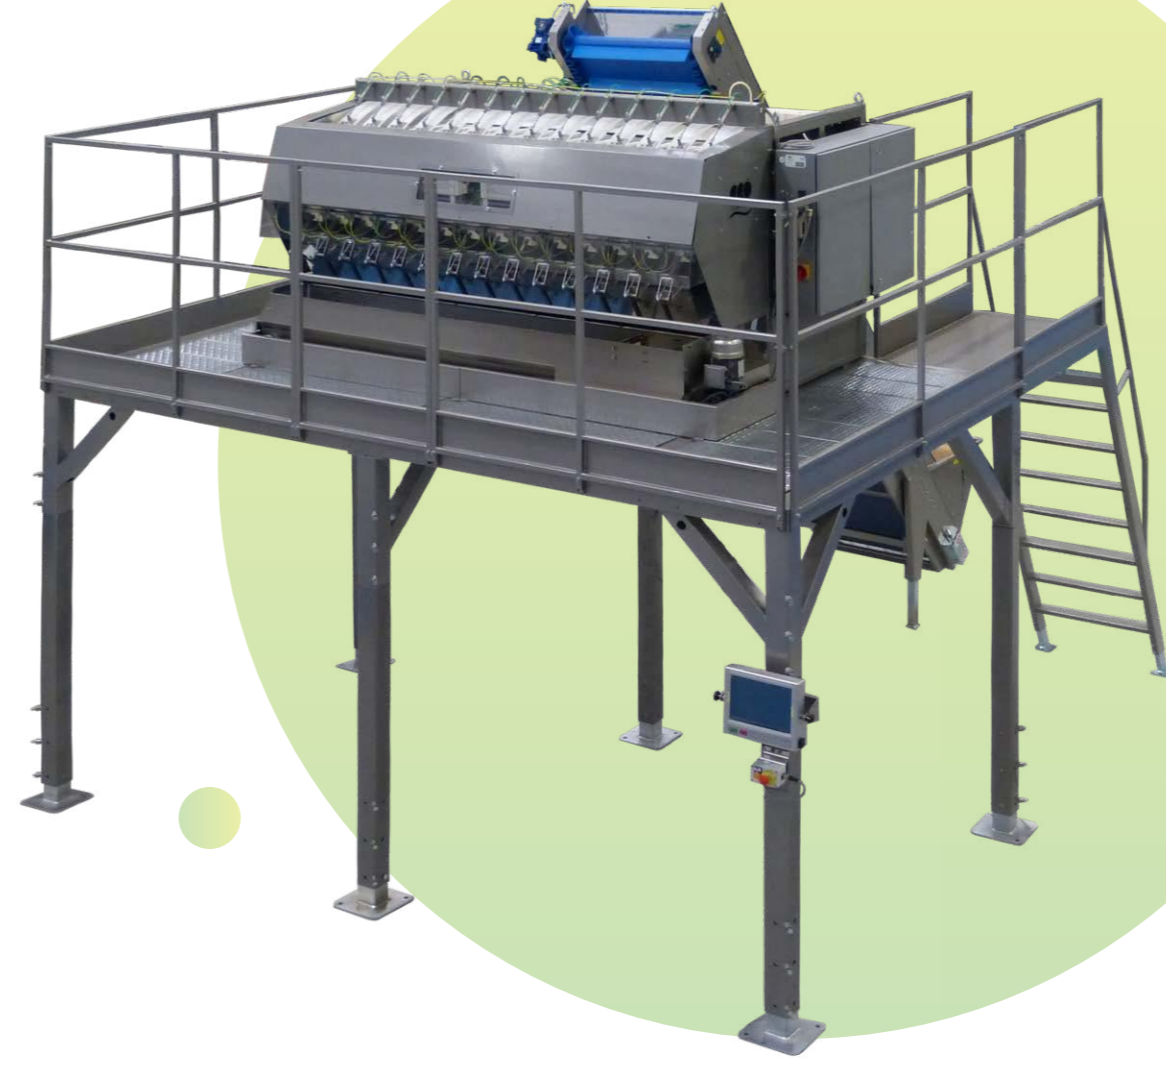

New generation software & industry 4.0

Simple and intuitive touchscreen control panel

We have created an **innovative**  
and **technologically sophisticated**  
machine that can be adapted  
to any packaging line

# P14-126

## Weighing Machine

# G12-126A

## Weighing Machine

# CBR-170

## Packing machine

# CBR-170 – Packing Machine

**Versatile**  
1-5kg

**Productive**  
Up to 36 packs/min

**Delicate**

**Intuitive touch  
screen interface**

# CBR-170 – Packing Machine

**Sormäpeel**  
LESS PLASTIC

**Sormäpaper**  
100% CELLULOSE

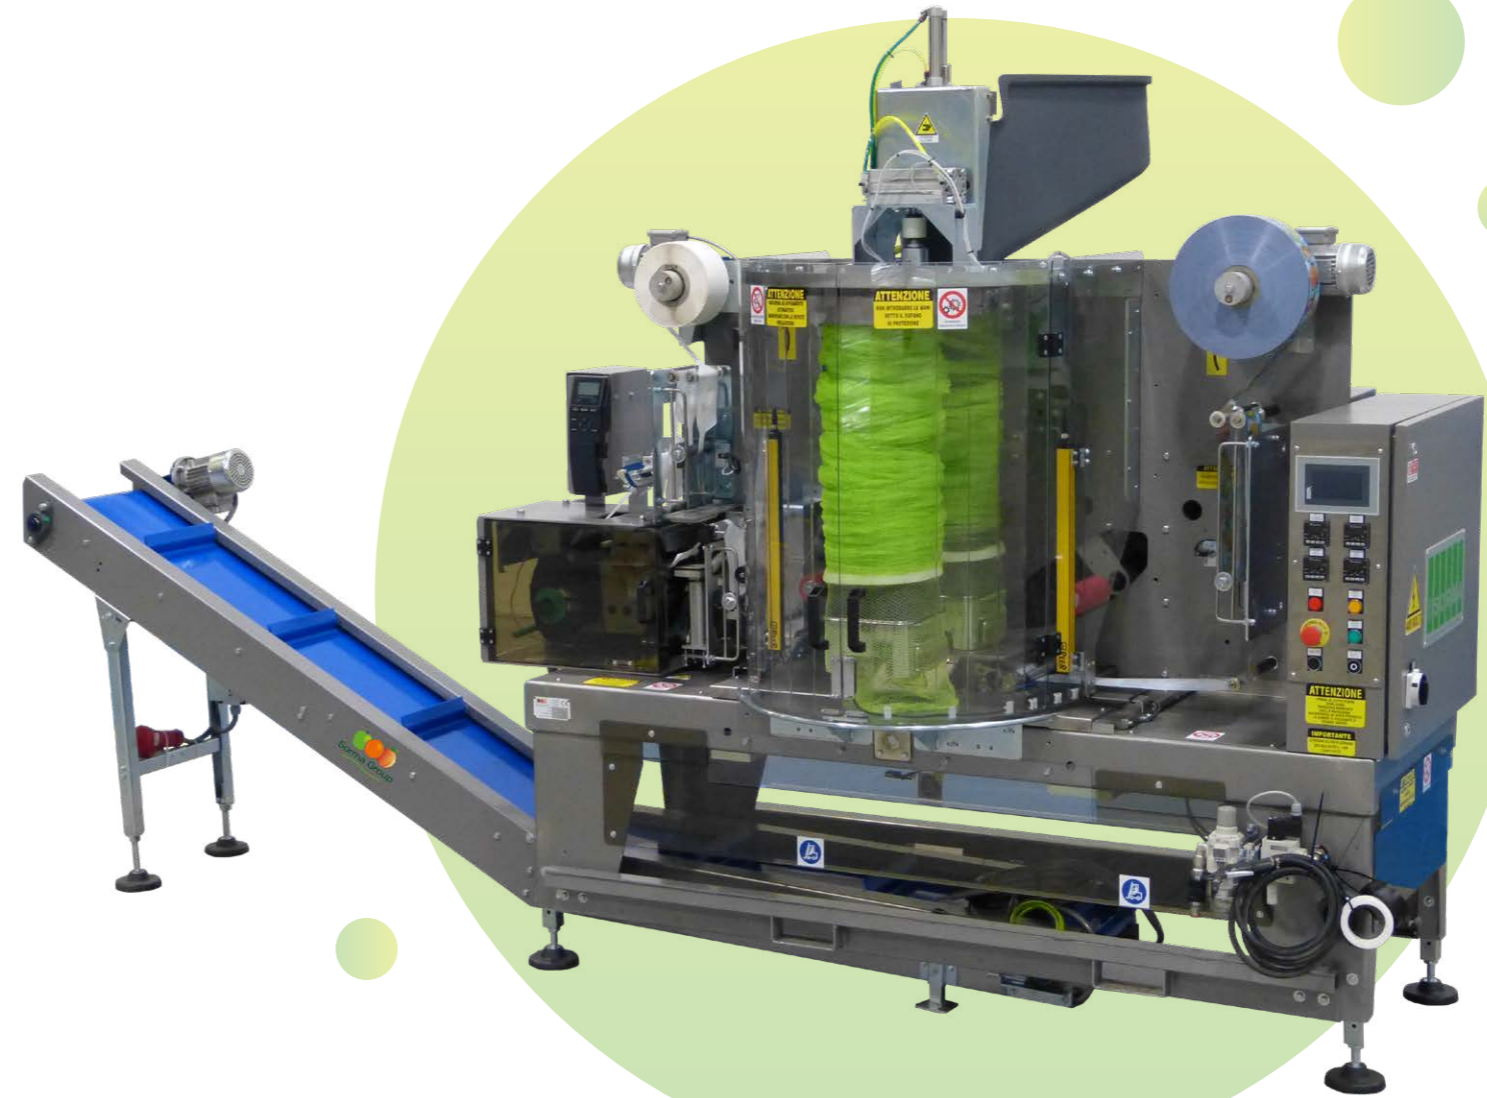

**Sormämono-polymer**  
100% RECYCLABLE

**Sormästandard**  
BEST-PERFORMING LINE
