

Sorma Group

Say goodbye to clip

Sorma **Monopolymer**

SormäClipless

Features

Elimination metal/plastic clip

Packaging made of only net and label, with no need for additional consumables, enabling simpler and more efficient recycling.

Monomaterial

Net and label are made from the same polymer (HDPE2), facilitating proper disposal and recycling.

Strong

Suitable for packaging various types and sizes of fruit, with formats ranging from 500 g up to 3 kg.

Fast

High-speed packaging performance of up to 30 packs per minute.

Simplified operations

Eliminating the clip makes operators' work easier, as there is no need to manage extra consumables, ensuring continuity and convenience in the packaging process.
